

# Certificate of Carbon Neutrality

This certificate acknowledges that  
**A life cycle assessment was performed on the  
“Triton Stormwater Chamber System”**

This product is carbon neutral certified and reduces  
the GHG, CO2 emissions and energy utilized at  
the end users site by 15 – 30%.

**Witnessed by:**  
**Carbon Credit Environmental Services**

*Mike Dolkowski*

This certificate has been registered by Carbon Credit  
Environmental Services and is issued for the Triton Stormwater  
Chamber System product from July 1, 2009 to July 1, 2010

Building alternative energy sources through projects: Anaerobic digestion  
systems, reforestation, solar energy systems and wind energy farms
